[ ] **CAN CHRISTIANS DRINK—BEER—WINE—OR LIQUOR? TWO LECTURES \$55.00 (Booklet)**

Decades ago, the church and religious organizations took a strongly aggressive stand against the use of intoxicating beverages. The liquor industry was recognized as an evil which undermined the moral fiber of society and this industry was definitely the enemy of Christianity. Most people, even those within the “Body of Christ,” do not realize that there are different words in the Bible for what is referred to as *wine*. A dictionary declares that *wine* may be fermented, or unfermented, two different types of *wine* completely. One kind of *wine* causes intoxication and the other is a sweet wholesome drink. There was also, in biblical times, a third form of *wine* which was concentrated *grape juice*, preserved over a long period of time in the unfermented state and drunk as “*must*.”
